## Commercial and Money Matters. For Commercial and Money Matters, see Last Page.

In the Stock market prices advanced to-day, and a fancies were especially buoyant. Pennsylvania 5s impoved somewhat, and the pussage of the Interest bill in both ill no doubt have a favorable influence on the transures will no doubt have a favorable influence on the tran-tions of Monday. Canton, Long Island, Norwich & Wor-ter. &c. all advanced, and were well sustained at the Sec & Bonsd. There has been no perceptible relief in the Money ricket; but the majority of operators, now that the report y has been weathered, look for a turn-back in the scenes. We think ease in the Money Murket will not come at once, a bough there will undoubtedly be less tightness than has be bons in the leading items;

Contron.—The sales to day are some 1,200 bales without material variation in prices. One line of 700 bales fair Uplands was sold for France at 65% cents. The sales for the week ending Friday evening amount to 3,200 bales, of which 5,500 were Upland and Florida, ordinary to good ordinary at 5 a 55% cents, middling for good middling 55% a 6, middling fair to fair 65% a 65%, and fully fair to good fair 55% a 75% cents; 2,730 bales Mobile and New Orleans, ordinary to good ordinary 5 a 55%, middling for middling fair to fair 65% a 7, and fully fair to good fair 75% a 85%. The arrivals during the same period were 5,650 bales. Freights are 2,60 at which some parcels have been taken in a transient ship.

FLOUR AND MEAL.—Holders of Genesee are very firm at 44 Si3% and some are asking 24 87% for good common brands. The sales are small. No change in Southern. A larther sale of 120 bbls Brandywine has been made at \$4.75%. Georgetown, &c. are 44 82%.

GRAIN—We notice a sale of 7000 bushels of Southern Corn on the spot at 45 cents per bushels, weight, and 2000 do to arrive at 46 cts weight. In other grain there is nothing doing.

SEED—Clover is dull. We notice faither sales 30 tierees good at 75%. Clean Flax is worth 13 a 13 25. We notice sales 100 tierees rough at 120 and 1850 bushels Russ at 130 cts cash.

PROVISIONS—In Pork and Beef there is nothing doing.—Holders of Pork are firm and buyers will not come up to their mark. We quote \$8 and \$10 as the nominal arise. Of Land there have been sakes of 500 bushels Russ at 130 cts cash. IRON—Holders of Burand Pig are very firm, and orices of the residual to the sales at 130 cts cash. A Company of Boston Capitalists have secured a tract of territory for two miles along both banks of the Merri, mack at Andover, where they contemplate the establishment of manufactures, on a large scale. A petition headed by Sanguel Lawrence, was presented in the House of Representative on Saturday, for incorporation for manufacturing purposes, and to build a dam across the Merrimack River, about seven miles below Lowell. At the point where the dam is to be made, it is stated a full of 25 feet can be obtained, and the fall at Lowell is only 31 feet. The Company for the construction of the dam and creation of the power, will employ a topital of half a million of dollars.

And will be published toward the end of in February, as original work entitled WOMAN IN THE NINE FEENTH CENTURY,

BY S. MARGARET FULLER.

BY S. MARGARET FULLER.

I vol. 12mo.

This work will comprise a sketch of the progress of opinion as to the capacities and destiny of Woman, illustrated by many references to historic facts, and to the ideal standard in the minds of poets and artists. Pestive principles are laid down and suggestians made as to improvements desirable at the present time. A work on such a subject can only pretend to be, in the strictest sense, as Esay; but the author has the advantage of various and familiar acquaintance with the mental history of Woman in many conditions of life, to an extent which has rarely been the lot of any one.

It will form a fair 12mo. of over 200 pages—put up in paper, 50 cents; in musin 75 cents. Orders are soluted by
